Government Order No. Fl. 582-85—G. F. 53-43-5, dated the 8th August 1944, sanctioning (i) the transfer of work of the audit of the accounts of the several Municipal High Schools to the Financial Branch of the Education Department, and (2) the entertainment of an Accountant on Rs. 60–5–100 in that office to attend to the work.

2. Letter No. 24—C.L.A.D. dated the 12th July 1946, from the Comptroller, requesting in the circumstances explained, sanction for a revised procedure in the method of accounting in the Municipal High Schools.

3. Further letter No. 40—C.L.A.D. dated the 7th August 1947, from the Comptroller to Government.

Order No. Fl. 3035-3104—G. F. 189-46-3, dated the 4th October 1948.

The Comptroller states that at present the local auditors of his office have no scope to check the transactions relating to the Municipal High Schools appearing in the account of the Municipality with reference to the initial records maintained in the High Schools as it rests with the Financial Branch and that the Financial Branch of the Education Department could not satisfactorily scrutinise whether the amounts drawn out of Municipal funds have been duly accounted for in the books of the High Schools, since the Municipal Accounts are not subject to its scrutiny. The Comptroller also states that at present the entire transactions relating to a Municipal High School could not be booked in one place, as they are maintained by two different authorities, *viz.*, the Head Master and the Secretary who maintain separate accounts of different items though the accounts maintained by them separately relate to the High School proper. To ensure the entire transactions of a Municipal High School being booked in one place and to facilitate better scrutiny of accounts, the Comptroller has proposed a revised procedure, in the method of accounting in the Municipal High Schools as follows:—

(1) A fund account to be opened by opening a Savings Bank Account in the official designation of the Secretary of the Committee of Management concerned and the Municipal Council required to pay the sanctioned quota for the year in full in advance, all the other receipts such as contributions, school fees, departmental grants, etc., being also credited to the Savings Bank account. If there is delay in obtaining sanction to the Budget estimates of the Municipality, the Municipal quota may be credited monthly or quarterly in advance based on the previous year's budget sanctions subject to suitable adjustments after the Budget is sanctioned. The equipment grant payable by the Municipality according to sanction should also be deposited in the Savings Bank Account. The amount required for expenditure will be withdrawn by the Secretary at the request of the Head Master and paid to the Head Master who will account for it in the cash book as the amount received from the Secretary. Any excess expenditure over the receipts will also be borne by the Municipality and paid to the Savings Bank account.

(2) In places where there are no Treasury facilities, the Savings Bank account in the nearest Treasury will have to be opened, all collections being daily credited to the Municipal Funds for issue of crossed cheques in favour of the Head Master in lieu of cash received on each date, these cheques being sent to the Treasury by the Head Master once a month for transfer credit to the Savings Bank account through one of the staff of the Municipal High School, when he goes to the Treasury for encashment of establishment bills at the beginning of each month.

(3) The initial accounts of the Municipal High Schools (including payment vouchers) will be subject to Local Audit by the staff of the Financial Branch of the Education Department as hitherto in accordance with G. O. No. Fl. 582-85—G.F. 53-43-5, dated 8th August 1944. In addition, the Comptroller may arrange for the post audit of the bills relating to Municipal High Schools (after payment) in the Financial Branch of the Education Department, when found necessary and possible.

2. Government are pleased to sanction the above proposals of the Comptroller.

3. The proposal of the Comptroller to make the Head Masters *ex-official* Secretaries of the Committee of Management is not however acceptable and the existing arrangement will continue.

4. The Comptroller is requested to issue clear instructions to the Municipalities.

M. SHAMANNA, *Finl. Secy.*

Sub: Levy of Sales Tax on purchases made by Government Departments.

No. 542—B 2. The Heads of Departments and Offices are hereby informed that the production of a certificate to the effect that Sales Tax on Government purchases has been charged in accordance with the provisions of the Sales Tax Act need not be insisted upon for purposes of passing the bills for payment as it is the business of the Sales-Tax Department to verify the correctness of such charges made by supplying firms and getting them credited to Government in due courses.

Circular dated 23rd November 1948.

No. 233—G. A. D. In accordance with the instructions communicated by Government in Official Memorandum No. Fl. 24488-4579—S. & A. 14-48-9, dated 16th November 1948, regarding the Revision of the Scales of Pay of Subordinate Gazetted Officers, the Heads of Departments are requested to arrange for the early preparation and transmission of the usual Proposition and Allocation Statements to the concerned Audit Offices to enable the latter to issue the necessary Audit Slips on verification of the Statements in all cases in which further orders of Government are not required.

Copy of the letter adverted to is herewith published for information and guidance.

Copy of Official Memorandum No. Fl. 4488-4579—S. & A. 14-48-9, dated 16th November 1948, from the Financial Secretary to Government, to the Comptroller to the Government of Mysore, Bangalore.

Reference: Paragraph 3 of the Government Order No. Fl. 4081-4161—S. & A. 14-48-7, dated the 4th November 1948 (Revising the Scales of Pay of the Subordinate Gazetted Officers of the several Departments of Government), authorising the Comptroller to issue Audit Slips for the increased pay or salary admissible according to the terms of the said order.—

The intention of the Government is not to dispense with the preparation of the proposition and allocation statements altogether by the concerned Heads of Departments. Instead of submitting these statements to Government for sanction through the Comptroller, a simplified procedure is intended to be adopted, under which the Heads of Departments are to forward the proposition and allocation statements (in triplicate) to the Comptroller who on verification of the statements would issue necessary audit slips for the increased pay or salary as the case may be.

The Heads of Departments are accordingly requested to send without delay to the Comptroller, the usual proposition and allocation statements, to enable the latter officer to issue audit slips after verifying the statements.

NOTE ON THE DISTRIBUTION OF CLOTH AND YARN IN THE MYSORE STATE.

TEXTILE POLICY OF THE GOVERNMENT OF INDIA.

With a view to restricting the rise in prices of cloth yarn, and to make these commodities available to the consumer at controlled rates, the Government of India announced their Textile Policy. The main features of the policy are: (i) control over production in the Mills and fixation of Ex-Mill prices by the Textile Commissioner, Bombay, and (ii) permitting the Provinces and States to fix the margin of profits to the various classes of dealers, distribution being arranged through such agencies as the Provincial or State Governments may consider suitable in their respective areas. The Central Government have however, given a direction that "all production in future should be procured by the States and and Provincial Gov rnments through the nominated buyers acting on behalf of Provincial and State Governments on the lines of All-India Cloth Distribution Scheme in force."

It was also made clear that it would be the duty of these buyers to purchase cloth under purchase authorisation on the Mills issued by the Textile Commissioner, Bombay, and to transport the bales purchased by them to the Provinces and States for distribution to wholesale and retail dealers approved by the Provincial and State Governments.

The buyers should remove their purchases from the mill godowns within a month of issue of these permits, after which the allocations covered by them will lapse and will go back into the All-India pool.

The new scheme of control contemplates the sale of a proportion of the allocations of cloth made to any Province or State through Government-owned or Government-controlled shops. The fixation of this proportion is left entirely to the discretion of the Provincial or State Governments, but it is suggested that it should be fixed with prudence and altered, if necessary, as experience is gained and the necessary organisation is built up. The Government of India suggest that consumers' co-operative societies should also be set up and a portion of cloth distributed through such societies. The balance of cloth should be distributed through the normal trade channels on licenses. Such licenses should be freely given so that there may not be any room for corruption at this point.

It is left to the Provincial or State Governments to decide whether or not any scheme of rationing should be introduced.

The Government of India emphasise that, whether a scheme of individual rationing is introduced or not, adequate attention should be paid to the rural parts of every Province or State. The possibility of distribution through Village Panchayets and Co-operative Societies or such other agency depends upon local conditions.

The licensing of the wholesale and retail trade would appear to be unavoidable. It has been suggested that steps be taken to license all those dealers in the trade whom it is decided to allow to continue. It is doubtless true that it is desirable to keep the cost of distribution at a minimum by reducing the length of the chain of distribution, but this should not be done by throwing out of besiness any large number of traders except for sound reasons. This is very largely a matter for Provincial or State Governments to decide and in taking a decision, the Government concerned would doubtless be guided by the experience of the distribution prior to January 1948.

ACTION TAKEN IN MYSORE STATE.

On the lines of the legislation passed by the Central Government in this respect, the following Acts have been passed in Mysore to give effect to the Textile Policy in the Mysore State:

The Mysore Textile (Control) Order, 1948.
The Mysore Cotton Cloth Dealers' (Licensing) Order, 1948.
The Cotton Yarn (Control of Distribution) Order, 1948.

In conformity with the policy laid down by the Central Government, the Government of Mysore have decided to arrange distribution of cloth and yarn through the usual trade channels and have retained three links in the chain of distribution, *viz.*, State Nominees (Procurers), Wholesale Dealers and Retailers. Wherever it is found necessary and feasible, services of well organised Co-operative Societies will be made use of on a liberal scale.

It has been considered advantageous to keep the three types of dealers quite distinct, and a State Nominee (Procurer) will not be permitted to do wholesale business. and a wholesale dealer cannot also be a State Nominee (Procurer) or a retailer.

The State Nominees (Procurers) will procure the cloth and yarn from the Mills for which they have been appointed as such nominees. They are entitled to charge the following over Ex-Mill rates: 1/2 per cent centage which they have to remit to Government, 1 1/2 per cent procurers' margin (which they will retain for their services) and 1/4 per cent to cover handling charges. Thus when the goods pass their hands, the price should not exceed 2 1/4 per cent over Ex-Mill prices in the case of goods of local Mills. As regards procurement of cloth and yarn from Mills outside Mysore State, the charges will be: 1/2 per cent centage (which will be remitted to Government), 2 per cent procurers' margin, and 2 per cent transport charges for moving the goods from outside stations to Bangalore. Thus in the case of goods from Mills situated outside Mysore, the price will not exceed 4 1/2 per cen over Ex-Mill rates when the goods leave the procurers' hands.

To ensure that the goods to be procured from Mills outside Mysore State would reach the State and that there would be no leakages in transit, the State Nominees (Procurers) will have to procure the goods to the extent allotted by the Controller of Civil Supplies and the consignee of the goods would be the Controller of Civil Supplies who will register and endorse the Railway Receipts in favour of the procurers. The goods, after their arrival, will be checked by an officer of Civil Supplies Department, and the procurers will then receive the same and store them in godowns and await distribution instructions.

Note:—The ½ per cent centage recovered from procurers on all cloth and yarn procured by them is intended to cover the departmental expenses. It is hoped that the recovery would enable the department to be self-supporting.

WHOLESALE DEALERS.

The wholesale dealers are the class of dealers who receive bulk supplies from the procurers as per allotments from the office and who in turn supply to the retailers linked to them. They are entitled to 3 per cent over Ex-Mill rates and ¼ per cent for handling charges. Thus they should charge over their purchase price 3¼ per cent on release of the goods to the retailers.

The wholesalers would be allotted goods from the procurers as per purchase authorities to be issued in their favour. The purchase authorities would be in triplicate, one to serve as office copy, the second to be handed over to wholesale dealer to enable him to purchase the quantity allotted to him, and the third copy to be sent to the Local Taluk Committee to verify and find out if the wholesaler has actually supplied the quantity and variety of goods allotted to that area.

RETAILERS.

The retail dealers who remove the goods from the wholesale dealers and arrange distribution to the consumers are entitled to 9 per cent profit calculated on Ex-Mill rates. The wholesale dealers should move the goods to the centres of distribution. Towards transport charges, they are entitled to 1¼ per cent besides their margin of profit. When the goods are delivered to retailers within the limits of Bangalore City and Civil Station area, neither the wholesale dealers nor the retailers shall charge the 1¼ per cent transport charges.

In effect, the maximum retail selling price should not exceed 15¾ per cent and 18 per cent over Ex-Mill prices in respect of local and outside Mysore goods, respectively, exclusive of octroi and sales tax, and other taxes in force in places outside the limits of Bangalore City and Civil Station areas. The maximum selling price should not exceed 14½ per cent and 16¾ per cent over Ex-Mill prices in respect of local and foreign mills goods in Bangalore City and Civil Station areas.

While calculating the percentages of margins, or expenses allowed to each class of dealers, the percentage should be calculated on Ex-Mill rates and not on the purchase price.

The distribution of cloth from retailers to consumers will be on coupon system. The coupons will be distributed to all the consumers by about 1st January 1949.

While selecting State Nominees (Procurers), Wholesalers and Retailers, all those old licensees who were in the "black list" and all those whose transactions during the previous controls were not above suspicion will be totally eliminated. As far as possible, only merchants against whom there were no complaints and who have been longstanding in the line of business, will be retained. In addition, a few other persons will be selected as Procurers, Wholesalers and Retailers, particularly from rural parts, who are able and willing to enter into cloth trade to the extent the circumstances would permit.

All co-operative institutions recommended by the Registrar of Co-operative Societies which are financially sound and likely to take up cloth distribution at the retail level, will be recognised as Retailers and arrangements made for distribution of cloth through such societies.

Circular dated 22nd November 1948.

(FINANCIAL BRANCH).

To

All the Amildars and Taluk Treasury Officers.

Subject :—Disbursement of Pay to Primary School Teachers.

Dear Sir,

No. F. B. 6 —48-49. Reference is invited to Comptroller's Circular No. 191—TAD B-II, dated 22nd October 1945, published on Page 694 of the *Mysore Gazette*, dated 1st November 1945 and Page 702, dated 8th November 1945 (III-2) regarding the procedure to be adopted for the disbursement of pay to Primary School Teachers (copy enclosed for ready reference).

2. According to para 3 of the above Circular, the Inspectors of Schools have to send the pay bills of Primary School Teachers to the Treasury not later than the second of every month and the Amildars should cash these bills and arrange for the disbursement of pay to teachers on the fifth of every month (or on the next working day if that day happens to be a holiday), the Money Orders for Teachers of schools situated at a distance of five miles or more being sent on the same day.

3. Complaints have been received that the due date, prescribed for the disbursement of pay and remittance by Money Order, is not being adhered to and that in many cases the teachers have been receiving their pay long after the fifth of the month. To avoid hardship and inconvenience to the teachers, I request you to kindly see that the prescribed date for the disbursement of pay and remittances by Money Order is strictly adhered to.

4. The Inspectors of Schools have again been instructed to see that the bills are sent to the Treasury not later than the second of every month.

Yours faithfully,

6485 R. KASTURI RAJ CHETTY, *Director.*

Copy of Circular No. 191—T. A. D. B-11, dated 22nd October 1945, from the Comptroller to all the Amildars and Taluk Treasury Officers.

Subject :—Alteration in the date fixed for the disbursement of Pay to Primary School Teachers.

According to the existing procedure, the Amildars who are the Disbursing Officers should cash the bills for pay, grants

and T. A. of all employees in Primary Schools at the Treasury and arrange to make disbursement to the teachers of schools at a distance of less than five miles from the Treasury not later than the second Saturday in the month (giving them previous intimation of change of date fixed for such payment, if and when necessary) and remit on the day on which the bill is cashed by Money Orders the amounts due to the teachers residing beyond that distance.

2. The Director of Public Instruction states that representations are being received for the disbursement of the pay of the Primary School Teachers much earlier (namely, on the 5th of every month as provided for in G. O. No. 8529-39—Edn. 33-18-3, dated 8th March 1919), owing to the hard conditions of the teachers. As the pay of the teachers of schools situated five miles or more from the Treasury is now remitted by money order the number of persons coming to the Treasury for payment is smaller than heretofore and the Treasury work in respect of personal payments to teachers is thus reduced. Further, as the countersignature of the pay bills of the Primary School Teachers by the Elementary Education Officers has since been dispensed with, the Assistant Inspectors of Education can send the bills much earlier than before, allowing sufficient time for the Treasury to scrutinise them.

3. In the above circumstances, the Amildars are requested to cash the salary bills of Primary School Teachers and arrange for the disbursement of pay to the teachers on the fifth of every month (or on the next working day, if that day happens to be a holiday), the Money Orders for teachers of schools situated at a distance of five miles or more being sent on the same day. The Assistant Inspectors of Education have already been instructed by the Director to send the bills to the Treasury not later than the second of every month and to close the schools on the fifth of every month (or on the next working day, if that day happens to be a holiday) to enable the teachers to receive their pay and also to hold and attend the Teachers' Association Meetings on that day.

Controller of Civil Supplies and Additional Textile Commissioner for Mysore.

Dated the 24th November 1948.

PRESS NOTE.

(Yarn **Distribution.**)

Certain articles had appeared in some of the Local Newspapers relating to inadequate and untimely distribution of yarn. The following Press Note is issued for the information of the public as regards the actual position.

Yarn is being allotted to the State as per the All India Yarn Distribution Scheme and the State gets from local mills and mills situated outside State about 1,500 bales per mensem, out of which 600 (six hundred) bales are allotted to power loom factories and the rest to hand-loom industry.

Power-loom factories receive their monthly quotas at 18 bundles per loom per mensem direct from the wholesale dealers to whom they are attached. As regards the hand-loom weavers, a portion of yarn is allotted to Textile Department for distribution to weavers through Government Yarn Depots. The remaining quantity of yarn assigned to hand-loom industry is arranged to be distributed through retail yarn dealers and societies.

In all the districts, other than Bangalore District where distribution is arranged directly by this office, the Deputy Commissioners concerned are allotted a monthly quota and they issue permits to the retail dealers as per their previously fixed quota for being distributed to the hand-loom weavers attached to them. A cross section of counts that would be received towards the State quota is being allotted to each district and the Deputy Commissioners allot the required counts to the retailers considering the needs of each locality as was being done during previous control period.

As regards supply of yarn, three allotments have been made since the re-imposition of Controls. Each allotment is equal to 75 per cent of the monthly allotment made during the previous Control. The reduction is due to non-receipt of allotted yarn in time from mills outside the State and partly due to the reduced allotment towards the State quota by the Textile Commissioner, Bombay.

In almost all the districts the three quotas have been distributed to the hand-loom weavers by the Deputy Commissioners concerned. Thus every effort is being directed towards equitable distribution of yarn to hand-loom weavers in the State. The question of obtaining increased quota of yarn to the State is under correspondence with the Textile Commissioner, Bombay.

DEPARTMENT OF PUBLIC INSTRUCTION

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION IN MYSORE, BANGALORE.

Circular dated 22nd November 1948.

(FINANCIAL BRANCH).

To

All the Amildars and Taluk Treasury Officers.

Subject:—Disbursement of Pay to Primary School Teachers.

Dear Sir,

No. F. B. 6—48-49. Reference is invited to Comptroller's Circular No. 191—T.A.D B-II, dated 22nd October 1945, published on Page 694 of the *Mysore Gazette*, dated 1st November 1945 and Page 702, dated 8th November 1945 (III-2) regarding the procedure to be adopted for the disbursement of pay to Primary School Teachers (copy enclosed for ready reference).

2. According to para 3 of the above Circular, the Inspectors of Schools have to send the pay bills of Primary School Teachers to the Treasury not later than the second of every month and the Amildars should cash these bills and arrange for the disbursement of pay to teachers on the fifth of every month (or on the next working day if that day happens to be a holiday), the Money Orders for Teachers of schools situated at a distance of five miles or more being sent on the same day.

3. Complaints have been received that the due date, prescribed for the disbursement of pay and remittance by Money Order, is not being adhered to and that in many cases the teachers have been receiving their pay long after the fifth of the month. To avoid hardship and inconvenience to the teachers, I request you to kindly see that the prescribed date for the disbursement of pay and remittances by Money Order is strictly adhered to

4. The Inspectors of Schools have again been instructed to see that the bills are sent to the Treasury not later than the second of every month.

Yours faithfully,

8456 R. KASTURI RAJ CHETTY, *Director.*

Copy of Circular No. 191—T. A. D. B-11, dated 22nd October 1945, from the Comptroller to all the Amildars and Taluk Treasury Officers.

Subject:—Alteration in the date fixed for the disbursement of Pay to Primary School Teachers.

According to the existing procedure, the Amildars who are the Disbursing Officers should cash the bills for pay, grants and T. A. of all employees in Primary Schools at the Treasury and arrange to make disbursement to the teachers of schools at a distance of less than five miles from the Treasury not later than the second Saturday in the month (giving them previous intimation of change of date fixed for such payment, if and when necessary) and remit on the day on which the bill is cashed by Money Orders the amounts due to the teachers residing beyond that distance.

2. The Director of Public Instruction states that representations are being received for the disbursement of the pay of the Primary School Teachers much earlier (namely, on the 5th of every month as provided for in G. O. No. 8529-39—Edn. 33-18-3, dated 4th March 1919), owing to the hard conditions of the teachers. As the pay of the teachers of schools situated five miles or more from the Treasury is now remitted by money order the number of persons coming to the Treasury for payment is smaller than heretofore and the Treasury work in respect of personal payments to teachers is thus reduced. Further, as the countersignature of the pay bills of the Primary School Teachers by the Elementary Education Officers has since been dispensed with, the Assistant Inspectors of Education can send the bills much earlier than before, allowing sufficient time for the Treasury to scrutinise them.

3. In the above circumstances, the Amildars are requested to cash the salary bills of Primary School Teachers and arrange for the disbursement of pay to the teachers on the fifth of every month (or on the next working day, if that day happens to be a holiday), the Money Orders for teachers of

schools situated at a d istance of five miles or more being sent on the same day. The Assistant Inspectors of Education have already been instructed by the Director to send the bills to the Treasury not later than the second of every month and to close the schools on the fifth of every month (or on the next working day, if that day happens to be a holiday) to enable the teachers to receive their pay and also to hold and attend the Teachers' Association Meetings on that day.

Notification dated 24—25th November 1948.

Copy of Official Memorandum No. Fl. 4488-4579—S. & A. 14-48-9, dated 16th November 1948, from the Financial Secretary to Government, to the Comptroller to the Government of Mysore, Bangalore.

Reference: Paragraph 3 of the Government Order No. Fl. 4081-4161—S. & A. 14-48-7, dated the 4th November 1948 (Revising the Scales of Pay of the Subordinate Gazetted Officers of the several Departments of Government), authorising the Comptroller to issue Audit Slips for the increased pay or salary admissible according to the terms of the said order.—

The intention of the Government is not to dispense with the preparation of the proposition and allocation statements altogether by the concerned Heads of Departments. PRESS NOTE.

(Yarn Distribution.)

Certain articles had appeared in some of the Local Newspapers relating to inadequate and untimely distribution of yarn. The following Press Note is issued for the information of the public as regards the actual position.

Yarn is being allotted to the State as per the All India Yarn Distribution Scheme and the State gets from local mills and mills situated outside State about 1,500 bales per mensem, out of which 600 (six hundred) bales are allotted to power loom factories and the rest to hand-loom industry.

Power-loom factories receive their monthly quotas at 18 bundles per loom per mensem direct from the wholesale dealers to whom they are attached. As regards the hand-loom weavers, a portion of yarn allotted to Textile Department for distribution to weavers through Government Yarn Depots. The remaining quantity of yarn assigned to hand-loom industry is arranged to be distributed through retail yarn dealers and societies.

In all the districts, other than Bangalore District where distribution is arranged directly by this office, the Deputy Commissioners concerned are allotted a monthly quota and they issue permits to the retail dealers as per their previously fixed quota for being distributed to the hand-loom weavers attached to them. A cross section of counts that would be received towards the State quota is being allotted to each district and the Deputy Commissioners allot the required counts to the retailers considering the needs of each locality as was being done during previous control period.

As regards supply of yarn, three allotments have been made since the re-imposition of Controls. Each allotment is equal to 75 per cent of the monthly allotment made during the previous Control. The reduction is due to non-receipt of allotted yarn in time from mills outside the State and partly due to the reduced allotment towards the State quota by the Textile Commissioner, Bombay.

In almost all the districts the three quotas have bee distributed to the hand-loom weavers by the Deputy Commissioners concerned Thus every effort is being directed towards equitable distribution of yarn to hand-loom weavers in the State. The question of obtaining increased quota of yarn to the State is under correspondence with the Textile Commissioner, Bombay.

DEPARTMENT OF PUBLIC INSTRUCTION

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION IN MYSORE, BANGALORE.

Notification.

(FINANCIAL BRANCH).

To

All the Amildars and Taluk Treasury Officers.

Subject :—Disbursement of Pay to Primary School Teachers.

Dear Sir,

Reference is invited to Comptroller's Circular No. 191—TAD B-II, dated 22nd October 1945, published on Page 694 of the *Mysore Gazette*, dated 1st November 1945 and Page 702, dated 8th November 1945 (III-2) regarding the procedure to be adopted for the disbursement of pay to Primary School Teachers (copy enclosed for ready reference).

2. According to para 3 of the above Circular, the Inspectors of Schools have to send the pay bills of Primary School Teachers to the Treasury not later than the second of every month and the Amildars should cash these bills and arrange for the disbursement of pay to the teachers on the fifth of every month (or on the next working day if that day happens to be a holiday), the Money Orders for Teachers of Schools situated at a distance of five miles or more being sent on the same day.

3. Complaints have been received that the due date, prescribed for the disbursement of pay and remittance by Money Order, is not being adhered to and that in many cases the teachers have been receiving their pay long after the fifth of the month. To avoid hardship and inconvenience to the teachers, I request you to kindly see that the prescribed date for the disbursement of pay and remittances by Money Order is strictly adhered to.

4. The Inspectors of Schools have again been instructed to see that the bills are sent to the Treasury not later than the second of every month.

Yours faithfully,

6865 R. KASTURI RAJ CHETTY, *Director.*

Copy of Circular No. 191—T. A. D. B-II, dated 22nd October 1945, from the Comptroller to all the Amildars and Taluk Treasury Officers.

Subject :—Alteration in the date fixed for the disbursement of Pay to Primary School Teachers.

According to the existing procedure, the Amildars who are the Disbursing Officers should cash the bills for pay, grants and T. A. of all employees in Primary Schools at the Treasury and arrange to make disbursement to the teachers of schools at a distance of less then five miles from the Treasury not later than the second Saturday in the month (giving them previous intimation of change of date fixed for such payment, if and when necessary) and remit on the day on which the bill is cashed by Money Orders the amounts due to the teachers residing beyond that distance.

2. The Director of Public Instruction states that representations are being received for the disbursement of the pay of the Primary School Teachers much earlier (namely, on the 5th of every month as provided for in G. O. No. 8529-39—Edn. 33-18-3, dated 8th March 1919), owing to the hard conditions of the teachers. As the pay of the teachers of schools situated five miles or more from the Treasury is now remitted by money order the number of persons coming to the Treasury for payment is smaller than heretofore and the Treasury work in respect of personal payments to teachers is thus reduced. Further, as the countersignature of the pay bills of the Primary School Teachers by the Elementary Education Officers has since been dispensed with, the Assistant Inspectors of Education can send the bills much earlier than before, allowing sufficient time for the Treasury to scrutinise them.

3. In the above circumstances, the Amildars are requested to cash the salary bills of Primary School Teachers and arrange for the disbursement of pay to the teachers on the fifth of every month (or on the next working day, if that day happens to be a holiday), the Money Orders for teachers of schools situated at a distance of five miles or more being sent on the same day. The Assistant Inspectors of Education have already been instructed by the Director to send the bills to the Treasury not later than the second of every month and to close the schools on the fifth of every month (or on the next working day, if that day happens to be a holiday) to enable the teachers to receive their pay and also to hold and attend the Teachers' Association Meetings on that day.

Circular No. F. B. 7—48-19, dated 26th November 1948.

To

All the Inspectors of Schools.

References :—

1. This Office Memo No. L. Dis. 3436-141—44-45, dated 20th November 1945 regarding the disbursement of pay to Primary School Teachers.

2. Attention is invited to Director's Circular No. 6—F. B., dated 23rd November 1948, addressed to all the Amildars and Treasury Officers (published on pages 890-91 of the *Mysore Gazette*, Part III-2, dated 25th November 1948) in the matter of disbursement of pay to Primary School Teachers.

In addition to seeing that the pay bills are prepared in time and sent to the Treasury not later than the 2nd of every month, they should keep themselves in touch with the progress of work in the Treasury and satisfy themselves that personal payments to the Teachers of Schools at a distance of less than 5 miles from the Treasury have been made and remittances by Money Orders for Teachers of Schools situated at a distance of 5 miles or more have been sent on the *5th of every month* (or on the next working day if that day happens to be a holiday). This item of work should receive the personal and special attention of the Inspectors.

The dealers are informed that notwithstanding the provisions contained in the above notifications they are permitted to keep and dispose of such cloth or yarn as aforesaid subject to the following conditions:—

1. Such cloth or yarn as aforesaid (with the exception of certain varieties of cloth which will be exempted from sealing and stamping) held in the possession of the dealers after 30th November 1948, will be sealed by the Inspecting Officers of this Department. In sealing stocks, remnants (*i.e.*, three yards and below remaining out of full piece) and small quantities of a few pieces will be ignored. The sealed stocks will be left in the dealer's own premises after obtaining necessary *mutchalika* from him. It would be the dealer's responsibility to see that no such stock disappears and he is informed that in the event of any or whole of such quantity is not found in tact at the time of stamping, his license will be cancelled immediately, without prejudice to any other action that may be taken by the Department for having contravened the provisions contained in the notification referred to above.

2. Such cloth or yarn as aforesaid should not be sold unless it bears the special marking stamped or impressed upon it by the Inspecting Officers of the Department. The option of having such cloth or yarn stamped will not be given to the dealer in cases where the quantity involved is very excessive having regard to the standing of the dealer and the normal volume of his turnover or if the scrutiny of the accounts with reference to actual stock discloses that a false return of stock as on 30th November 1948, has been sent by the dealer.

3. The cloth will be stamped in the same way as tex-marked goods except that for the word "tex-mark" the form prescribed in the notification referred to above will be substituted. DEPARTMENT OF PUBLIC INSTRUCTION

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION IN MYSORE, BANGALORE.

Notification.

(FINANCIAL BRANCH).

To

All the Amildars and Taluk Treasury Officers.

Subject:—Disbursement of Pay to Primary School Teachers.

Dear Sir,

Reference is invited to Comptroller's Circular No. 191—TAD B-II, dated 22nd October 1945, published on Page 694 of the *Mysore Gazette*, dated 1st November 1945 and Page 702, dated 8th November 1945 (III-2) regarding the procedure to be adopted for the disbursement of pay to Primary School Teachers (copy enclosed for ready reference).

2. According to para 3 of the above Circular, the Inspectors of Schools have to send the pay bills of Primary School Teachers to the Treasury not later than the second of every month and the Amildars should cash these bills and arrange for the disbursement of pay to the teachers on the fifth of every month (or on the next working day if that day happens to be a holiday), the Money Orders for Teachers of Schools situated at a distance of five miles or more being sent on the same day.

3. Complaints have been received that the due date, prescribed for the disbursement of pay and remittance by Money Order, is not being adhered to and that in many cases the teachers have been receiving their pay long after the fifth of the month. To avoid hardship and inconvenience to the teachers, I request you to kindly see that the prescribed date for the disbursement of pay and remittances by Money Order is strictly adhered to.

4. The Inspectors of Schools have again been instructed to see that the bills are sent to the Treasury not later than the second of every month.

Yours faithfully,

6865 R. KASTURI RAJ CHETTY, *Director.*

Copy of Circular No. 191—T. A. D. B-II, dated 22nd October 1945, from the Comptroller to all the Amildars and Taluk Treasury Officers.

Subject:—Alteration in the date fixed for the disbursement of Pay to Primary School Teachers.

According to the existing procedure, the Amildars who are the Disbursing Officers should cash the bills for pay, grants and T. A. of all employees in Primary Schools at the Treasury and arrange to make disbursement to the teachers of schools at a distance of less then five miles from the Treasury not later than the second Saturday in the month (giving them previous intimation of change of date fixed for such payment, if and when necessary) and remit on the day on which the bill is cashed by Money Orders the amounts due to the teachers residing beyond that distance.

2. The Director of Public Instruction states that representations are being received for the disbursement of the pay of the Primary School Teachers much earlier (namely, on the 5th of every month as provided for in G. O. No. 8529-39—Edn. 33-18-3, dated 8th March 1919), owing to the hard conditions of the teachers. As the pay of the teachers of schools situated five miles or more from the Treasury is now remitted by money order the number of persons coming to the Treasury for payment is smaller than heretofore and the Treasury work in respect of personal payments to teachers is thus reduced. Further, as the countersignature of the pay bills of the Primary School Teachers by the Elementary Education Officers has since been dispensed with, the Assistant Inspectors of Education can send the bills much earlier than before, allowing sufficient time for the Treasury to scrutinise them.

3. In the above circumstances, the Amildars are requested to cash the salary bills of Primary School Teachers and arrange for the disbursement of pay to the teachers on the fifth of every month (or on the next working day, if that day happens to be a holiday), the Money Orders for teachers of schools situated at a distance of five miles or more being sent on the same day. The Assistant Inspectors of Education have already been instructed by the Director to send the bills to the Treasury not later than the second of every month and to close the schools on the fifth of every month (or on the next working day, if that day happens to be a holiday) to enable the teachers to receive their pay and also to hold and attend the Teachers Association Meetings on that day.

Circular No. F. B. 7—48-19, dated 26th November 1948.

To

All the Inspectors of Schools.

References:—

1. This Office Memo No. L. Dis. 3436-141—44-45, dated 20th November 1945 regarding the disbursement of pay to Primary School Teachers.

2. Attention is invited to Director's Circular No. 6—F. B., dated 23rd November 1948, addressed to all the Amildars and Treasury Officers (published on pages 890-91 of the *Mysore Gazette*, Part III-2, dated 25th November 1948) in the matter of disbursement of pay to Primary School Teachers.

In addition to seeing that the pay bills are prepared in time and sent to the Treasury not later than the 2nd of every month, they should keep themselves in touch with the progress of work in the Treasury and satisfy themselves that personal payments to the Teachers of Schools at a distance of less than 5 miles from the Treasury have been made and remittance by Money Orders for Teachers of Schools situated at a distance of 5 miles or more have been sent on the *5th of every month* (or on the next working day if that day happens to be a holiday). This item of work should receive the personal and special attention of the Inspectors.

2. When the Officer in charge of cash is on tour or on leave should hand over the keys of the Cash Chest together with the contents to any other responsible Officer who remains in charge of his routine duties.

The following rules are prescribed for the custody of duplicate keys of cash chests and should be strictly followed.

FINANCIAL DEPARTMENT

COMPTROLLER'S OFFICE, BANGALORE.

Notification dated 20th December 1948.

The Deputy Commissioner,
Treasury Department,
District Treasury,
Bangalore.

Sir,

Subject:—Arrangements for Treasury work during the ensuing Christmas and New Year Holidays, 1948-49.

No. 699—B2. In partial modification of this Office Circular No. 635—B2, dated 7th December 1948, on the above subject, I have the honour to state that the District Treasury and the Taluk Treasuries located in Bangalore City may be kept open for transactions on Tuesday the 28th and Thursday the 30th December 1948 instead of on 27th and 30th December 1948 as previously notified and necessary action taken to notify the change of dates to the public.

Yours faithfully,
8026 V. T. SREENIVASAN, *Comptroller.*

Circular Dated 17th December 1948.

To

All Treasury Officers.

Re:—Check of the fine statements of Courts in the Audit Office (Articles. 41 and 42 of M.C.A.C. Vol. I.)

Circular No. 506—Bii.—According to the existing provision in Art, 1 (a) M.C.A.C. Vol. I. the duty of checking the receipts in respect of fines realised is laid upon the Comptroller. But in actual practice, it has been found that no useful check can be exercised in the verification of the fine statements received in this office, since there is no means of locating cases of fines realised by the several courts but not remitted to the Treasury, and the actual scrutiny that can be exercised in General Audit is limited to the detection of misclassifications only.

In view of the above considerations, Government have in their Order No. Fl. 3719, dated 22nd October 1948 approved a modified procedure according to which the duty of realising fines and of checking the receipts may rest with the Departmenta Government Officers concerned. Necessary amendments have been separately issued to the M.C.A.C. Vol. I., under revisison. With the issue of this Circular, it is no longer necessary for the District Treasury Officers to send the fine statements to the undersigned as this Circular will come into force immediately.

Notification dated 17th December 1948.

No. 2084—E. S. Government, in their Order No. Fl. 3412-81, dated 27th November 1947, sanctioned the location of the Headquarters of the two Assistant Comptrollers in charge of the Local Audit Circles, Mysore and Shimoga, at Bangalore itself and directed that one of them may be entrusted with the supervision of Industrial and Textile Audits and the other with such of the other Local Audits which can be conducted with the present decreased strength of the Local Audit staff.

2. In pursuance of the sanction conveyed in the above Order, the Headquarters of the two mofussil Local Audit Circles were shifted to Bangalore in October 1948 and have been located in Building No. 5, Ali Asker Road, Bangalore Civil Station, as previously notified in this office Notification No. 1251—E. S. dated 7th October 1948.

3. Pending resumption of all the items of Local Audit work in due course after the staff necessary therefor becomes available and division of Local Audit work in the manner directed by Government in their Order above adverted to, the existing two Local Audit Circles will be designated with effect from 1st January 1949 as Local Audit Circle No. I and Local Audit Circle No. II and they will continue to be located in No. 5, Ali Asker Road, Bangalore Civil Station, until a change threfrom is further notified. 18. All complaints regarding the accuracy of reading or the non-receipt of slips referred to in rule 17 should be made in writing to the President or Vice-President within the 10th of the month concerned, after which no complaints will be entertained.
